

# Satellite Sprayer/Foamer

Spraying and foaming  
options where you  
need them.

The Satellite Sprayer/Foamer delivers the economy and flexibility of the Satellite series in a versatile and convenient foaming, spraying, and rinsing system.

Satellite Sprayer/Foamer's allows the user to choose either the foaming or spraying nozzles to apply a rich foam or spraying solution (e.g. sanitizer) then disengage the chemical supply for rinsing using the integrated switch-to-rinse toggle. Easily select either a wide-angle spraying pattern or powerful jet-stream simply by rotating the rinse-pattern selector.

Mobile: Take it anywhere! You don't need to attach it to a wall or buy a cart - it goes anywhere you can find water and carry your chemical container!

Includes Patented AccuPro Pressure Regulation Technology: No more fluctuating dilution rates as water pressure varies - your dilution rate is always consistent, across a wide range of pressures. And that means your product performs as it's supposed to!

## The Hydro Satellite Series Sprayer/Foamer features:

- Unbeatable versatility, choose from either the foaming or spraying nozzles.
- Easily select either a wide-angle spraying pattern or powerful jet-stream simply by rotating the rinse-pattern selector.
- Mobile: Take it anywhere! It goes anywhere you can find water and carry your chemical container!
- Includes Patented AccuPro Pressure Regulation Technology: No more fluctuating dilution rates as water pressure varies - your dilution rate is always consistent, across a wide range of pressures.
- Handy On/Off trigger: Easy to operate with one hand
- Convenient locking button: Activate the Satellite with the On/Off trigger, then lock it in the "On" position – all with one hand!
- Overmolded handle: For safe, sure gripping.
- Adjustable velcro strap for container stability: Allows you to secure either an F-style or round bottle to the Satellite for better balance.
- Multiple dilution rates: Pick from 14 different dilution rates using the metering tips included with the Satellite. (Additional tips available)
- Easy connections to water source: Use one of the optional connectors for quick and easy access to almost any water source.

### Satellite Sprayer/Foamer Models

| Model | Description  | Flow Rate (GPM) | Approximate Dilution Range |     |
|-------|--|-----------------|----------------------------|-----|
|       |  |                 | Max                        | Min |
| 5823  | Initial container position set-up for F-style containers | 2.0             | 280:1                      | 7:1 |
| 5824  | Initial container position set-up for round containers   | 2.0             | 280:1                      | 7:1 |

### Options and accessories

| Model | Description            |
|-------|------------------------|
| 5820  | water source connector |
| 5830  | water source connector |
| 5840  | watersource connector  |
